PERENNIAL NURSERIES

1932

ALVA H. SMITH
R. F. D. No. 1
PAINESVILLE, OHIO

A Message to Customers and Friends

THIS LIST contains the perennials that have been tested in our own Nurseries. The descriptions are as we find them in our locality and may vary as to size and period of bloom in other districts. All plants will be strong 2 year stock unless noted.

A state Certificate of Inspection accompanies each shipment, assuring its freedom from insect pests and disease. We further guarantee that stock supplied shall be true to name, up to grade and quality ordered.

Terms of sale: Prices are per dozen or hundreds, but will furnish 6 at 12 rate and 25 at 100 rate. If cash accompanies order, boxing and packing free.

Unknown correspondents must accompany their orders with cash, or satisfactory reference.

We will in no way be responsible for productiveness of stock after it has been satisfactorily received by you, nor will we at any time be liable for more than the original purchase price of plants received.

We solicit your orders, large or small, and will give them the same careful attention.

Satisfaction Guaranteed

	Per 12	Per 100
ACHILLEA—Boule de Neige (Ball of Snow). An improved variety of the Pearl. Valuable for border and cutting. 1 ½ feet -----	.75	5.00
ACONITUM (Monkshood). The flowers are very showy, shaped like a helmet or hood from which the common name is derived. The leaves are of a lustrous green. All stock good and healthy and first class tubers. As this plant starts very early, we advise fall planting.		
Bicolor. Very attractive white and blue. June. 6 feet---	2.00	12.00
Fischeri. Azure blue. October. 3 feet-----	1.25	7.00
Frazeri. Dark violet, fine woodland subject. October---	1.50	8.00
Wilsoni. True variety, mauve colored flowers. Hollyhock type 6 to 9 feet. October-----	3.00	20.00
AJUGA—Reptans (Bugle Flower). For growing under trees, creeping habit, used in rock gardens, flower purplish-blue in May-----	1.25	7.00
ALYSSUM—Saxatile Campactum (Basket of Gold). Used for borders, grayish-green leaves with brilliant golden flowers early in summer-----	1.00	6.00
ANCHUSA—Italica Dropmore (Alkanet). Tall growing plant of dark blue flowers in profusion, 4 to 5 feet in height. Blooms in mid-summer-----	1.00	6.00
AQUILEGIA—(Columbine). One of the best perennials found in the border. Blooms in the early summer. Valuable for cutting and also used in rock gardens. 18 inches.		
Chrysantha. Yellow -----	1.25	7.00
Dobbies Imperial Hybrids. New, long spurred hybrids of a large range of colors-----	1.25	8.00
Mrs. Scott Elliott. Mixed colors, long spurred-----	1.25	8.00
Rose Queen. A very attractive shade of rose-----	1.25	7.00
ARMERIA—(Sea Pink). Used for rock garden planting, clumps of grass like foliage with small clusters of flowers on stiff wiry stems. 8 to 12 inches.		
Formosa. Light pink-----	1.25	7.00
ARENARIA—Caespitosa Vera (Sandwort). Mat forming plant. Very attractive when placed among flag-stones in garden walks-----	1.50	8.00
ARTEMISIA—Lactiflora (Mugwort). Finely cut foliage with fragrant creamy white flowers. 4 feet. August--	.75	6.00
Silver King (Ghost Plant). Silver foliage that is used considerably when dried-----	1.50	8.00
ASCLEPIAS —Tuberosa. (Butterfly Weed.) Is one of the most attractive native plants. Flat topped clusters of orange red flowers during July and August. 2 feet---	.75	5.00

	Per 12	Per 100
HARDY ASTER —(Michaelmas Daisies.) These plants are valuable as their blooming periods are at a time when flowers are few.		
Abendrothe. Rose, 4 feet-----	1.25	7.00
Climax. One of the best, 4 feet. Lavender-blue-----	.75	6.00
Feltham Blue. One of the few blues-----	1.25	8.00
Mauve Cushion. Dwarf growing, soft mauve, 10 inches--	.75	6.00
Mrs. Raynor. Red, one of the choicest-----	1.25	8.00
Novae-Angliae Roseum Superbum. Almost red, 4 feet--	.75	6.00
St. Edgwin. Soft pink, 2½ feet-----	.75	6.00
White Climax. Strong growing, white flowers-----	.75	6.00
BAPTISIA — Australis (False Indigo). A plant that should be used more. Is very striking, flowers of dark blue.		
2 feet -----	1.25	7.00
BOCCONIA — Cordata (Plume Poppy). Very large leaves of silvery green. Flowers of creamy white produced on upright panicles. Background subject growing to a height of 8 feet-----		
	1.25	8.00
BOLTONIA —(False Chamomile). Tall growing, aster-like flowers, useful for cutting.		
Asteroides. Pure white, 6 feet-----	1.00	6.00
Latisquama. Lavender-pink, 5 feet-----	1.00	6.00
CALAMINTHA — Alpina. A very good trailed for the rockery. Thrives well in a sunny position. Flowers of deep blue during June and throughout the summer-----		
	1.25	8.00
CAMPANULA —(Bellflower). There is not a group of flowers which possess such rare beauty.		
Media (Canterbury Bell). Blue, rose and white-----	1.25	8.00
Calycanthema (Cup and Saucer). Blue, rose and white--	1.25	8.00
Carpatica (Carpathian Hare Bell). Blue or white-----	1.25	8.00
Persicifolia (Peach Bells). Growing to height of 3 feet in either blue or white-----	1.25	7.00
CARNATION — Grenadin. An abundance of double and semi-double red flowers all summer. Useful for cutting, either commercially or in the garden. The hardiest out-door carnation-----		
	1.25	7.00
CASSIA — Marilandica (American Senna). Resembles a locust in growth, with yellow pea shaped flowers. 4 feet		
	1.25	8.00
CENTAUREA — Montana (Mountain Bluet). Fine border plant and very showy. 18 inches high-----		
	1.25	6.00
Dealbata. Lilac pink, cut leaves-----	1.25	6.00
Macrocephala. Thistle-like flower of yellow, blooms in July and August. 4 feet-----	1.25	6.00
CERASTIUM — Tomentosum (Snow in Summer). This rapid growing Perennial is useful for an early blooming plant in the rockery. Flowers white. 6 inches-----		
	1.25	7.00

	Per 12	Per 100
CHRYSANTHEMUMS —These late fall blooming plants are gaining more favor each season. Furnishing fine cut-flowers from October to November.		
Alice Howell. Orange yellow, large-----	1.25	8.00
Autumn Glow. Rose crimson, large-----	1.25	7.00
Boston Bronze. Bronze, large-----	1.25	8.00
Eva. Dwarf, pink, large-----	1.25	7.00
Fields of Snow. White button-----	1.25	7.00
Golden Queen. Golden yellow-----	1.25	7.00
Indian Red. Crushed strawberry red-----	1.25	7.00
Lillian Doty. Deep pink, excellent form-----	1.25	7.00
Little Bob. Red button, showy-----	1.25	7.00
Marie Antoinette. Pink, large-----	1.25	7.00
Model of Perfection. White button-----	1.25	7.00
Skibo. Yellow button-----	1.25	7.00
Victory. Dwarf, white, large-----	1.25	7.00
CIMICIFUGA — Racemosa (Black Cohosh). A very tall-growing plant gaining more favor each season as a backbround subject. Flowers are small but in large clusters, pure white. 4 feet-----		
	1.25	7.00
COREOPSIS — Lanceolata (Tickseed). One of the oldest but still a favorite, good yellow daisy-like cut flower for practically all summer cutting-----		
	.75	5.00
DAISY — Shasta King Edw. VII (Chrysanthemum Maximum). Improved Alaska daisy, large white flowers valuable as a cut flower-----		
	.75	5.00
Hartje and Elder (Mayflowering). Available for Memorial Day -----	1.00	6.00
DELPHINIUM —(Larkspur). No garden is complete if it is not there, with all the striking shades of blue. The most profitable cut flower in existence.		
Belladonna. Light blue, blooms all summer, 1 year old plants -----	.75	5.00
Two year old clumps-----	1.25	8.00
Bellamosa. Dark blue, 1 year old plants-----	.75	5.00
Two year old clumps-----	1.25	8.00
Gold Medal Hybrids. Mixed colors of the best shades of blue. 1 year old clumps-----	1.25	6.00
Two year old clumps-----	1.50	10.00
DIANTHUS — Barbatus (Sweet William). Old fashioned garden plant but still a favorite, ranging in a large collection of colors.		
Roseus. Pink -----	.75	5.00
Nigrescens. Almost a black-----	.75	5.00
Newport Pink. Salmon rose-----	.75	5.00
White Beauty -----	.75	5.00
Scarlet Beauty -----	.75	5.00
DIANTHUS — Deltoides (Maiden Pink). Good rock garden subject, trailer, dark green foliage and rosy pink flower -----		
	1.00	7.00
